Dear Colin Rice:

**Re: Application RA15060A – Notice of Decision
Colin Rice
NE 30-41-27 W4M**

Please be advised that approval officer amendment RA15060A for the amendment of the existing Approval RA15060A has been approved. Approval RA15060A cancels Approval RA15060.

With NRCB permit RA15060 cancelled, the permitted feedlot pens are 240 m x 90 m, and the remaining pens are no longer permitted for construction, and the CFO's livestock capacity has been reduced from 1,600 beef finishers to 900 beef finishers as identified in Decision Summary RA15060A.

Any individuals planning to increase animal numbers, manure production, expand, or to construct new facilities would require a new permit from the NRCB.

Enclosed you will find a copy of the decision with respect to the application. In accordance with the *Agricultural Operation Practices Act* (AOPA), copies of the decision are being provided to all directly affected parties and to all parties determined not directly affected that provided written input to the Natural Resources Conservation Board. Also enclosed is the detailed technical review of the application.

Under AOPA, you have the right to request that the Natural Resources Conservation Board (the Board) review the determination of your affected party status and/or this decision. To request a Board review, you must file a written application. Requests for a Board review must contain:
