

**Total permitted animal capacity from all permits for this site:**

**2,800 Beef Feeders**

---

In consideration of Decision Summary LA19006, Approval LA19006 is issued to:

Name: Prairie View Feeders (the "permit holder")  
Address: Box 185, Shaughnessy, AB T0K 2A0  
Contact person: Henry Van Hierden

**Permitted construction** (based on the submitted site plan):

- Feedlot pens (60.9 m x 198.1 m)

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application LA19006 together with the site plan, engineering reports and other attached unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition #2.

### **Construction conditions**

#### Construction deadline

1. The permit holder shall complete construction of the new feedlot pens prior to December 20, 2021. Upon request, this deadline may be extended by the NRCB in writing.

#### Post construction inspection

2. The permit holder shall not place manure or animals in the feedlot pens until the pens have been inspected by NRCB personnel and determined by them, in writing, to have been constructed in accordance with the terms and conditions of this permit.

This approval becomes effective immediately. The approval conditions will remain in effect unless amended in writing by the NRCB.

Prairie View Feeders' deemed permit is hereby cancelled and are no longer in effect, unless Approval LA19006 is held invalid, in which case the previous permits will remain in effect.

April 9, 2019

Carina Weisbach  
Approval Officer

## **Approval LA19006 – Appendix**

### **Existing grandfathered facilities**

- Feedlot pens with a total footprint of 23,201 m<sup>2</sup> (37 m x 173 m, 222 m x 40 m, 88 m x 47 m, 86 m x 44 m)
- Catch basin: (46 m x 36 m x approximately 4.5 m deep)
