

**Total permitted animal capacity from all permits for this site:**

2,000 Beef feeder calves

---

In consideration of Decision Summary LA19022, Approval LA19022 is issued to:

Name: 5 Star Cattle Ltd. (the "permit holder")  
Address: Box 1152, Fort Macleod AB T0L 0Z0  
Contact person: Martin Van Huigenbos

**Permitted construction** (based on the submitted site plan):

- Covered building #1 – 13.7 m x 45 m
- Covered building #2 – 13.7 m x 45 m
- Covered building #3 – 45 m x 179 m
- Calf hutch pad – 208 m x 83 m

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application, unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in conditions #3 and 4.

The permit holder is responsible for all costs associated with monitoring, sampling, testing, recording and reporting requirements.

### **Construction conditions**

#### Covered buildings 1 and 2, and calf hutch pad

1. The permit holder shall complete construction of the manure collection and storage portions of the covered buildings 1 and 2, and calf hutch pad prior to December 31, 2022. Upon request, this deadline may be extended by the NRCB in writing.

#### Covered building 3

2. The permit holder shall complete construction of the manure collection and storage portions of covered building 3 prior to December 31, 2022. Upon request, this deadline may be extended by the NRCB in writing.

**Post construction inspections**

Covered buildings 1 and 2, and calf hutch pad

3. The permit holder shall not place livestock or manure in the covered buildings 1 or 2, or calf hutch pad until the NRCB has inspected the facilities and stated in writing that the facilities have been constructed in accordance with this approval.

Covered building 3

4. The permit holder shall not place livestock or manure into covered building 3 until the NRCB has inspected the facilities and stated in writing that the facilities have been constructed in accordance with this approval.

**Operating conditions**

5. The permit holder shall sample and test raw groundwater from water well #103526 according to water well monitoring requirements prescribed by the NRCB in writing. The NRCB may, based on the monitoring results and at its discretion, revise those requirements from time to time, in writing.

This approval becomes effective immediately. The approval conditions will remain in effect unless amended in writing by the NRCB.
