

Regarding Approval RA20025
Sec. 13-28-27 W4M and
E ½ 14-28-27 W4M

Water Well Monitoring Requirements

The purpose of this statement is to outline the water well monitoring requirements in Approval RA20025. Operating Condition #12 of Approval RA20025 reads:

“The permit holder shall sample and test raw groundwater, according to water well monitoring requirements prescribed by the NRCB in writing. The NRCB may, based on the monitoring results and at its discretion, revise those requirements from time to time, in writing.”

Therefore; the water well monitoring requirements for this facility shall be as follows:

Monitoring Frequency

Annually, with results submitted to the NRCB by September 30 of each year

Water Well Test Parameters

Chlorides and nitrate-nitrogen

Water Wells to be used for Monitoring

All water wells located on Section 13-28-27 W4M, except those that have been properly decommissioned

These monitoring requirements become effective on the date of this letter and supersede any previously issued monitoring requirements at this facility.

September 4, 2020
