

In consideration of Decision Summary BA20008, Authorization BA20008 is issued to:

Name: Peeters Dairy Ltd. (the "permit holder")
Address: Box 89, Calmar AB T0C 0V0
Contact person: Petrus (Piet) Peeters

Permitted construction (based on the submitted site plan):

- Young stock barn – 25 m x 125 m
- Two solid manure storage pads – 25 m x 25 m (each)
- Mechanical room – 5 m x 12m

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application Approval BA09004 together with the site plan, building plans, and other attached documents, unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in conditions 3, 6, and 9.

Construction conditions

Young stock barn

1. Construction completion deadlines
The permit holder shall complete construction of the young stock barn prior to December 1, 2023. Upon request, this deadline may be extended by the NRCB in writing.
2. Concrete
The concrete used to construct the manure collection and storage liner of the young stock barn must meet the specifications for category D (solid manure - dry) in Technical Guideline Agdex 096-93 "Non-Engineered Concrete Liners for Manure Collection and Storage Areas." The permit holder shall provide written proof to the NRCB confirming the specifications of the concrete used. This document must be provided to the NRCB prior to the inspection referenced in condition #3 below or by a later date stated by the NRCB.
3. Post construction inspection (prior to populating the young stock barn)
The permit holder shall not place livestock or manure in the young stock barn until the NRCB has inspected the facility and stated in writing that it has been constructed in accordance with this authorization.

Solid manure storage pad (attached to young stock barn)

4. Construction completion deadlines
The permit holder shall complete construction of the solid manure storage pad prior to December 1, 2023. Upon request, this deadline may be extended by the NRCB in writing.

5. Concrete
The concrete used to construct the manure collection and storage liner of the solid manure storage pad must meet the specifications for category C (solid manure - wet) in Technical Guideline Agdex 096-93 "Non-Engineered Concrete Liners for Manure Collection and Storage Areas." The permit holder shall provide written proof to the NRCB confirming the specifications of the concrete used. This document must be provided to the NRCB prior to the inspection referenced in condition #6 below or by a later date stated by the NRCB.
6. Post construction inspection (prior to populating the solid manure storage pad)
The permit holder shall not place livestock or manure in the solid manure storage pad until the NRCB has inspected the facility and stated in writing that it has been constructed in accordance with this authorization.

Solid manure storage pad (behind existing barn)

7. Construction completion deadlines
The permit holder shall complete construction of the solid manure storage pad prior to December 1, 2023. Upon request, this deadline may be extended by the NRCB in writing.
8. Concrete
The concrete used to construct the manure collection and storage liner of the solid manure storage pad must meet the specifications for category C (solid manure - wet) in Technical Guideline Agdex 096-93 "Non-Engineered Concrete Liners for Manure Collection and Storage Areas." The permit holder shall provide written proof to the NRCB confirming the specifications of the concrete used. This document must be provided to the NRCB prior to the inspection referenced in condition #9 below or by a later date stated by the NRCB.
9. Post construction inspection (prior to populating the solid manure storage pad)
The permit holder shall not place livestock or manure in the solid manure storage pad until the NRCB has inspected the facility and stated in writing that it has been constructed in accordance with this authorization.

This authorization becomes effective immediately and should be read in conjunction with the previously issued Approval BA09004.
