Application for Amendment – contd.

AMENDMENT INFORMATION REQUIREMENTS

Instructions:

For each part of your permit that you would like amended, please detail what change you would like made and why, and how your proposed change will meet the AOPA requirements. You may attach additional pages to this form to provide this information.

Please note that an approval officer may require a page (or pages) of the Part 2 application forms to be completed as part of this application for amendment, depending on what changes are proposed.

We would like to do away with the straw cover amendment. Because of the complication when covering (with straw) & emptying the lagoon (causes solids & plugs pumps.)

We are managing odor control in a better up to date manner with far less complication.
