Water Well Monitoring Requirements

The purpose of this statement is to outline the water well monitoring requirements in Approval BA20018. Operating Condition #7 of Approval BA20018 reads:

“The permit holder shall sample and test raw groundwater, according to water well monitoring requirements prescribed by the NRCB in writing. The NRCB may, based on the monitoring results and at its discretion, revise those requirements from time to time, in writing.”

Therefore, the water well monitoring requirements for this CFO shall be as follows:

Monitoring Frequency

Annually, with results submitted to the NRCB by November 1 of each year, starting in 2021

Water Well Test Parameters

Chlorides and nitrate-nitrogen

Water Wells to be used for Monitoring

Water well ID # 373625 (north well) and any other water wells within 100 m of the CFO facilities

These monitoring requirements become effective on the date of this letter and supersede any previously issued monitoring requirements at this facility.
