

In consideration of Decision Summary LA20049, Authorization LA20049 is issued to:

Name: Favour Holsteins Ltd. (the “permit holder”)
Address: Box 1118, Picture Butte AB T0K 1V0
Contact person: Eric Vanderveen

Permitted construction (based on the submitted site plan):

- Calf barn addition by 19 m x 13 m
- Three corrals with shelters (total dimensions: 95 m x 65 m)
- Extension of corrals 1-4 by 20 m x 80 m (total dimensions: 50 m x 80 m)

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application LA20049 together with the site plan, and other attached documents, and Approval LA17003, unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in conditions #3, 5, and 7.

Construction conditions

Calf barn extension

Concrete

1. The concrete used to construct the manure storage and collection system in the barn must have a minimum 28-day strength of 25 MPa. The permit holder shall provide a copy of the concrete supplier’s invoice or other proof to the NRCB to confirm the specifications of the concrete used in the construction. This document must be provided to the NRCB prior to the inspection referenced in condition #3 below or by a later date stated by the NRCB.

Construction completion deadline

2. The permit holder shall complete construction of the manure collection and storage portions of the calf barn extension prior to December 31, 2023. Upon request, this deadline may be extended by the NRCB in writing.

Post construction inspection

3. The permit holder shall not place livestock or manure in the new calf barn extension until the NRCB has inspected the facility and stated in writing that the facility has been constructed in accordance with this authorization.

Extension of corrals 1-4

Construction completion deadline

4. The permit holder shall complete construction of the extension of corrals 1-4 prior to December 31, 2023. Upon request, this deadline may be extended by the NRCB in writing.

Post construction inspection

5. The permit holder shall not allow manure or livestock to enter the extension of corrals 1-4 until the NRCB has inspected the facility and stated in writing that the facility has been constructed in accordance with this authorization.

Corrals with shelter

Construction completion deadline

6. The permit holder shall complete construction of the corrals with shelter prior to December 31, 2023. Upon request, this deadline may be extended by the NRCB in writing.

Post construction inspection

7. The permit holder shall not allow manure or livestock to enter the corrals with shelter until the NRCB has inspected the facility and stated in writing that the facility has been constructed in accordance with this authorization.

Decommissioning of existing corrals

8. The permit holder is to decommission parts of corrals 5-7 according to Technical Guideline Agdex 096-90 (updated January 2018) – Closure of Manure Storage Facilities and Manure Collection Areas - for facilities with low risk to groundwater and surface water within one year after construction of the new corrals with shelter.

This authorization becomes effective immediately and shall be read in conjunction with Approval LA17003. The authorization conditions will remain in effect unless amended in writing by the NRCB.
