

**Total permitted animal capacity from all permits for this site:**

73 milking cows (plus associated dries and replacements)  
130 sheep ewes (plus lambs)

---

In consideration of Decision Summary LA20034, Registration LA20034 is issued to:

Name: Quintus Dairy Ltd. (the "permit holder")  
Address: Box 4, Site 2, Millicent AB T0J 2A0  
Contact person: Philip Van Steekelenburg

**Permitted construction** (based on the submitted site plan):

- Extension one sheep pen (north of pen area 2) – (by) 73 m x 21 m
- Construct a pen north of pen area 1 (area includes an existing shelter (24 m x 9 m)) - 26 m x 20 m
- Construct one pen north of pen area 2 (19 m x 41 m)

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application LA21003 together with the site plan, engineering reports and other attached documents, unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in conditions #2 and 4.

**Construction conditions**

Sheep pens (north of pen area 1)

Construction completion deadline

1. The permit holder shall complete construction of the manure collection and storage portions of the new feedlot pens prior to December 31, 2023. Upon request, this deadline may be extended by the NRCB in writing.

Post construction inspection

2. The permit holder shall not place livestock or manure in new feedlot pens until the NRCB has inspected the facilities and stated in writing that the facilities have been constructed in accordance with this approval.

Sheep pens (north of pen area 2 and extension of pen north of pen area 2)

Construction completion deadline

3. The permit holder shall complete construction of the manure collection and storage portions of the feedlot pen and pen extension prior to December 31, 2023. Upon request, this deadline may be extended by the NRCB in writing.

Post construction inspection

4. The permit holder shall not place livestock or manure in the feedlot pen and pen extension until the NRCB has inspected the facilities and stated in writing that the facilities have been constructed in accordance with this approval.

This registration becomes effective immediately. The registration conditions will remain in effect unless amended in writing by the NRCB.

Quintus' deemed permit is hereby cancelled and are no longer in effect, unless Registration LA20034 is held invalid, in which case the previous permit will remain in effect.

April 14, 2021
