

In consideration of Decision Summary RA21020, Authorization RA21020 is issued to:

Name: Jan & Johanna Hondebrink, and Harmen & Peggy Hondebrink (the “co-permit holders”)
Address: RR1 Leslieville AB T0M 1H0
Contact person: Harmen Hondebrink

Permitted construction (based on the submitted site plan):

- synthetically lined liquid manure storage (40 metres x 40 metres x 4 metres deep)

The co-permit holders shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The co-permit holders shall adhere to the descriptions contained in the filed application together with the site plan, building plans and other attached documents, unless otherwise noted in the following conditions.

The co-permit holders shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition #3.

The co-permit holders is responsible for all costs associated with monitoring, sampling, testing, recording and reporting requirements.

Construction conditions

1. The co-permit holders shall complete the construction of the synthetically lined liquid manure storage prior to November 30, 2022. Upon written request, this deadline may be extended by the NRCB in writing.
2. The co-permit holders shall provide the NRCB with a written construction completion report for the synthetically lined liquid manure storage. The report must be stamped and signed by a “professional engineer,” as defined in the Standards and Administration Regulation, and must confirm that the synthetically lined liquid manure storage:
 - has been constructed at the location specified in the site plan provided with the application, including final dimensions and depth below grade
 - has been constructed in accordance with the proposed design
 - has a 60 mil HDPE enviro liner
 - was installed in accordance with the liner supplier’s requirements, including under membrane surface preparation and proper sealing at all seams

3. The co-permit holders shall not place manure in the synthetically lined liquid manure storage until the NRCB have inspected it and stated in writing that it has been constructed in accordance with the terms and conditions of this authorization.

This Authorization becomes effective immediately. The Authorization conditions will remain in effect unless amended in writing by the NRCB.

June 11, 2021
