

In consideration of Decision Summary RA21024, Authorization RA21024 is issued to:

Name: Arie and Dirkje (Dineke) Philipsen and Philipsen Farm Ltd. (the “co-permit holders”)
Address: RR5 Lacombe AB T4L 2N5
Contact person: Johannes Philipsen

Permitted construction (based on the submitted site plan):

- earthen liquid manure storage facility (EMS) - 63 m x 63 m x 7 m deep

The co-permit holders shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The co-permit holders shall adhere to the descriptions contained in the filed application together with the site plan, building plans, engineering reports and other attached documents, unless otherwise noted in the following conditions.

The co-permit holders shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition #2.

The co-permit holders is responsible for all costs associated with monitoring, sampling, testing, recording and reporting requirements.

Construction conditions

1. The co-permit holders shall provide the NRCB with a written construction completion report for the EMS. The report must be stamped and signed by a “professional engineer,” as defined in the Standards and Administration Regulation, and must confirm that the EMS has been constructed in accordance with the propose design (prepared by Union Street Geotechnical Ltd. report dated May 3, 2021) including the:
 - Location is the same as proposed,
 - Constructed under the supervision of an engineer,
 - EMS dimensions, along with elevations above and below grade and side wall slopes are the same as proposed,

This document must be provided to the NRCB prior to the inspection referenced in condition 2, or by a later date stated in writing by the NRCB.

2. The co-permit holders shall not place manure in the EMS until NRCB personnel have inspected it, and stated in writing that the EMS has been constructed in accordance with the terms and conditions of this permit.
3. The co-permit holders shall complete the construction of the EMS prior to November 30, 2023. Upon written request, this deadline may be extended by the NRCB in writing.

4. The co-permit holders shall provide documentation, from a qualified third party, confirming that the distance from the EMS to the nearest residence is at least 414 metres.

Operating conditions

5. The co-permit holders shall only store liquid dairy manure in the EMS.

This Authorization becomes effective immediately. The Authorization conditions will remain in effect unless amended in writing by the NRCB.

September 24, 2021

(Original Signed)
Francisco Echegaray, P.Ag.
