## **Authorization RA18071A – Appendix**

### **Construction conditions** (already completed and brought forward from Authorization RA18071)

1. Concrete  
The concrete used to construct the liner of the expansion to the existing manure storage pad must meet the specification for category C (solid manure - wet) in Technical Guideline Agdex 096-93 “Non-Engineered Concrete Liners for Manure Collection and Storage Areas.” The permit holder shall provide proof, prepared by a qualified third party, to the NRCB to confirm the specifications of the concrete used in the construction. This document must be provided to the NRCB prior to the inspection referenced in condition 6 below, or by a later date stated in writing by the NRCB.
2. Construction completion deadline  
The permit holder shall complete the construction of the expansion to the existing manure storage pad prior to October 31, 2021. Upon written request, this deadline may be extended by the NRCB in writing.
3. Post construction inspection  
The permit holder shall not place manure on the expansion to the existing manure storage pad until the NRCB have inspected the facility and stated in writing that it has been constructed in accordance with this authorization.
