Part 1 – General Information & Disclosure

Describe what is being proposed, including changes to facilities, changes to animal numbers, or changes to types of livestock, e.g., beef, dairy, hog, poultry, etc.

Expansion of existing feedlot to 75,000 beef finishers.
 Current allotted pens are 150, looking to add 76 pens.
 With current pen space plus the 76 pens would make 226.

We would also like to amend the condition on our permit stating manure incorporation within 48 hours of application. Being mindful of the odor factor we would like to work with NRCB in using a no till or min till approach to some of our manure application. In doing so conserving soil from wind erosion and retaining soil moisture.

Livestock Numbers: (Include all permitted and proposed livestock). Note: If total livestock numbers increase in your Part 2 application, a new Part 1 application must be submitted which may result in a loss of priority for minimum distance separation (MDS).

Livestock category and type (Available in the Schedule 2 of the Part 2 Matters Regulation)	Permitted number	Proposed increase or decrease in number (if applicable)	Total
Finisher Cattle	50,000	25,000	75,000
