

**Total permitted animal capacity from all permits for this site:**

55,000 chicken broilers

---

In consideration of Decision Summary BA21003, Registration BA21003 is issued to:

Name: Ace Poultry Farms Inc. (the "permit holder")  
Address: Box 298 Willingdon AB T0B 4R0  
Contact person: Ross Bezovie

**Permitted construction** (based on the submitted site plan):

- Poultry barn #2 – 110 m x 20 m

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application together with the site plan, building plans, and other attached documents, unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition #3.

The permit holder is responsible for all costs associated with monitoring, sampling, testing, recording and reporting requirements.

**Construction conditions** (poultry barn #2)

1. Construction completion deadline

The permit holder shall complete construction of the new poultry barn prior to November 1, 2024. Upon request, this deadline may be extended by the NRCB in writing.

2. Concrete

The concrete used to construct the manure collection and storage liner of the new poultry barn must meet the specifications for category D (solid manure - dry) in Technical Guideline Agdex 096-93 "Non-Engineered Concrete Liners for Manure Collection and Storage Areas." The permit holder shall provide written proof to the NRCB confirming the specifications of the concrete used. This document must be provided to the NRCB prior to the inspection referenced in condition #3 below or by a later date stated by the NRCB.

3. Post construction inspections (prior to populating facilities)

The permit holder shall not place livestock or manure in the new poultry barn until the NRCB has inspected the facility and stated in writing that it has been constructed in accordance with this registration.

**Operating condition**

4. Surface water control (existing solid manure storage pad)

The permit holder shall construct, and maintain in good working order, berms around the existing solid manure storage pad to prevent surface water run-on and runoff.

This registration becomes effective immediately. The registration conditions will remain in effect unless amended in writing by the NRCB.

Ace Poultry's deemed permit is hereby cancelled and is no longer in effect, unless Registration BA21003 is held invalid, in which case the previous deemed permit will remain in effect.

January 13, 2022
