

Notice of Status Determination Confined Feeding Operation

Kelberal Farms Ltd. (Rodney and Jackie Elgersma) have requested the Natural Resources Conservation Board (NRCB) to complete a grandfathering determination for their confined feeding operation (CFO). The CFO is located on SE 33-61-3 W5M in the County of Barrhead, Alberta. The NRCB's review of the application requires the NRCB to determine the grandfathered status of the livestock operation (i.e., the facilities, livestock type, and livestock capacity of the CFO as it existed on January 1, 2002).

The NRCB invites you to provide input on the grandfathered status of this operation, its livestock capacity, livestock type, and facilities as they existed on January 1, 2002. Rodney and Jackie Elgersma have stated that their grandfathered livestock capacity and type is 17,408 laying hens. This notice is provided to invite input on the grandfathering determination and not on the merits of any new permit applications.

Filing a Statement

Any person who has knowledge about the size and status of the livestock operation on or around January 1, 2002 is invited to submit a statement with this information to the NRCB. The statement must be received by the NRCB on or before 4:30 pm on August 17, 2022. Submissions should be made to the NRCB address provided below. A copy of the statement will be sent to the applicant. Statements submitted regarding the application may be posted on the NRCB's public website, as they are public records and are non-confidential.

Your statement should include your name, the legal land description of your residence or landholdings, mailing address, phone number, e-mail address, and details about your knowledge relating to the facilities, livestock type, and livestock capacity of the livestock operation on or around January 1, 2002. You may also file an application for directly affected party status at this time.
