

In consideration of Decision Summary BA23003, Authorization BA23003 is issued to:

Name: Aljans Farms Ltd. (the “permit holder”)
Address: RR1 Box 5 Site 19, Barrhead AB T7N 1N2
Contact person: Albert and Jannie Slomp

Permitted construction (based on the submitted site plan):

- Young stock shelter with an attached outdoor pen – 110 m x 21 m and 110 m x 18 m respectively

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that act.

The permit holder shall adhere to the descriptions contained in the filed application together with the site plan, building plans and other attached documents unless otherwise noted in the following conditions.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition 3.

Construction conditions

Young stock shelter with attached pen

1. Construction completion deadline

The permit holder shall complete construction of the young stock shelter prior to December 1, 2025. Upon request, this deadline may be extended by the NRCB in writing.

2. Concrete

The concrete used to construct the manure collection and storage liner of the young stock shelter with attached pen must meet the specifications for category C (solid manure - wet) (pen) and category D (solid manure – dry) (shelter) in Technical Guideline Agdex 096-93 “Non-Engineered Concrete Liners for Manure Collection and Storage Areas.” The permit holder shall provide written proof to the NRCB confirming the specifications of the concrete used. This document must be provided to the NRCB prior to the inspection referenced in condition #3, below, or by a later date stated by the NRCB.

3. Post construction inspections (prior to populating facilities)

The permit holder shall not place livestock or manure in the young stock shelter with attached pen until the NRCB has inspected the facility and stated in writing that it has been constructed in accordance with this authorization.

This authorization becomes effective immediately and needs to be read in conjunction with the deemed permit, which includes previously issued Registration BA05020 and Authorizations BA16005, BA17014, and BA20001. The authorization conditions will remain in effect unless amended in writing by the NRCB.

May 10, 2023
