

In consideration of Decision Summary LA24044A, Authorization LA24044A is issued to:

Name: Henk Vander Veen Dairy Ltd.
Address: Box 557 Picture Butte, AB, T0K 1V0
Contact person: Richard Vander Veen

Permitted construction (based on the submitted site plan):

- Catch basin – 35 m x 30 m x 4 m deep
- Four feedlot pens – 91 m x 104 m total dimensions (already constructed)

The permit holder shall comply with the requirements of the *Agricultural Operation Practices Act* (AOPA) and the regulations passed pursuant to that Act.

The permit holder shall adhere to the descriptions, the site plan, and other attached documents included with filed Applications LA24044 and LA24044A.

The permit holder shall contact the NRCB at least 10 working days in advance of the desired inspection date to schedule the inspection in condition #2.

Construction conditions

1. The permit holder shall provide the NRCB with written confirmation from a qualified third party that provides confirmation of the catch basin's constructed dimensions, including side slopes.
2. The permit holder shall not allow manure contaminated runoff to enter the catch basin until the NRCB has inspected the facility and stated in writing that the facility has been constructed in accordance with this authorization.
3. The permit holder shall complete construction of the catch basin prior to January 31, 2026. Upon request, this deadline may be extended by the NRCB in writing.

This authorization becomes effective immediately and needs to be read in conjunction with previously issued Approval LA17071B. The authorization conditions will remain in effect unless amended in writing by the NRCB.

Authorization LA24044 is therefore superseded, unless Authorization LA24044A is held invalid following a review and decision by the NRCB's board members or by a court, in which case Authorization LA24044A will remain in effect.

February 21, 2025

Kailee Davis
Approval Officer

Authorization LA24044A – Appendix

Already met construction conditions (carried forward from Authorization LA24044)

Feedlot Pens

1. The permit holder shall complete construction of the feedlot pens prior to January 31, 2026. Upon request, this deadline may be extended by the NRCB in writing.
2. The permit holder shall not allow livestock or manure to enter the feedlot pens until the NRCB has inspected the facility, and stated in writing that the facility has been constructed in accordance with this authorization.
