GENERAL INFORMATION REQUIREMENTS

Proposed facilities: list all proposed confined feeding operation facilities and their dimensions. Indicate whether any of the proposed facilities are additions to existing facilities. (attach additional pages if needed)

| Proposed facilities | Dimensions (m) (length, width, and depth) |
|---------------------|--|
| | |
| | |
| | |
| | |
| | |

Existing facilities: list ALL existing confined feeding operation facilities and their dimensions

| Existing facilities | Dimensions (m) (length, width, and depth) | NRCB USE ONLY |
|---------------------|--|---------------|
| <u>Layer Barn</u> | <u>104m x 25m</u> | |
| | | |

| |
|----------------------|
| NRCB USE ONLY |
|----------------------|

Part 2 – Technical Requirements

Application under the *Agricultural Operation Practices Act* for a confined feeding operation, manure collection area, and/or manure storage facility(ies)

DECLARATION AND ACKNOWLEDGMENT OF APPLICANT CONCERNING *WATER ACT* LICENCE

issued by Alberta Environment and Protected Areas (EPA) for a confined feeding operation (CFO)

Date and sign one of the following four options

OPTION 1: Applying through the NRCB for both the AOPA permit and the *Water Act* licence

I **DO** want my water licence application coupled to my AOPA permit application.

Signed this ____ day of _____, 20____.

Signature of Applicant or Agent

OPTION 2: Processing the AOPA permit and *Water Act* licence separately

1. I (we) acknowledge that the CFO will need a new water licence from EPA under the *Water Act* for the development or activity proposed in this AOPA application.
2. I (we) request that the NRCB process the AOPA application **independently of** EPA's processing of the CFO's application for a water licence.
3. In making this request, I (we) recognize that, if this AOPA application is granted by the NRCB, the NRCB's decision will not be considered by EPA as improving or enhancing the CFO's eligibility for a water licence under the *Water Act*.
4. I (we) acknowledge that any construction or actions to populate the CFO with livestock pursuant to an AOPA permit in the absence of a *Water Act* licence will **not** be relevant to EPA's consideration of whether to grant the *Water Act* licence application.
5. I (we) acknowledge that any such construction or livestock populating will be at the CFO's sole risk if the *Water Act* licence application is denied or if the operation of the CFO is otherwise deemed to be in violation of the *Water Act*. This risk includes being required to depopulate the CFO and/or to cease further construction, or to remove "works" or "undertakings" (as defined in the *Water Act*).
6. **AS RELEVANT:** I (we) acknowledge that the CFO is located in the South Saskatchewan River Basin and that, pursuant to the *Bow, Oldman and South Saskatchewan River Basin Water Allocation Order* [Alta. Reg. 171/2007], this basin is currently closed to new surface water allocations.
7. **Provide:** Water licence application number(s) _____

Signed this ____ day of _____, 20____.

Signature of Applicant or Agent

OPTION 3: Additional water licence not required

1. I (we) declare that the CFO will not need a new licence from EPA under the *Water Act* for the development or activity proposed in this AOPA application.
2. **Provide:** Water license number(s) or water conveyance agreement details _____

Signed this ____ day of _____, 20____.

Signature of Applicant or Agent

Part 2 – Technical Requirements

Application under the *Agricultural Operation Practices Act* for a confined feeding operation, manure collection area, and/or manure storage facility(ies)

OPTION 4: Uncertain if *Water Act* licence is needed; acknowledgement of risk (for existing CFOs only)

1. At this time, I (we) do not know whether a new water licence is needed from EPA under the *Water Act* for the development or activity proposed in this AOPA application.
2. If a new *Water Act* licence is needed, I (we) request that the NRCB process the AOPA application **independently of** EPA's processing of the CFO's application for a water licence.
3. In making this request, I (we) recognize that, if this AOPA application is granted by the NRCB, the NRCB's decision will not be considered by EPA as improving or enhancing the CFO's eligibility for a water licence under the *Water Act*.
4. I (we) acknowledge that any construction or actions to populate the CFO with additional livestock pursuant to an AOPA permit in the absence of a *Water Act* licence will **not** be relevant to EPA's consideration of whether to grant my *Water Act* licence application, if a new water licence is needed.
5. I (we) acknowledge that any such construction or livestock increase will be at the CFO's sole risk if the *Water Act* licence application is denied or if the operation of the CFO is otherwise deemed to be in violation of the *Water Act*. This risk includes being required to depopulate the CFO and/or to cease further construction, or to remove "works" or "undertakings" (as defined in the *Water Act*).
6. **AS RELEVANT:** I (we) acknowledge that the CFO is located in the South Saskatchewan River Basin and that, pursuant to the *Bow, Oldman and South Saskatchewan River Basin Water Allocation Order* [Alta. Reg. 171/2007], this basin is currently closed to new surface water allocations.
7. **Provide:** Water license number(s) or water conveyance agreement details _____

Signed this 28 day of April, 2025.

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512B Rge. Rd 33 County Of Barrhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens.

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

Date: MARCH-18-2025

Dear Property Owner(s),

Three years ago we sent waivers to sign to approve us to build a new poultry barn. The barn was approved and we are starting construction this spring. We are permitted to house 17,408 laying hens. Due to circumstances we need to update these waivers to get an updated permit to house the additional laying hens of 12,832 which comes to a total of 30,240 laying hens.

We will be housing one more flock in our old barn, after that the old barn is being decommissioned and will be used for storage.

Construction of the new barn will be completed in April 2026. We will still be doing dry manure storage to have the capacity to hold for 1 year.

Will be sending 2 pages, the first page you as the property owner(s) need to initial at the bottom of the page where it says Residence Owner(s) to initial. The 2nd page you need to fill out completely like before.

We will send a self addressed stamped envelope like before as well so you can mail it back to us

If you need us to clarify anything again please don't hesitate to call. Our number is [REDACTED]
Sorry for the inconvenience.

Sincerely,

Rodney & Jackie Elgersma

DEAR RODNEY & JACKIE,
WE (RICK & GRE) HOPE THAT THIS IS THE FINAL
STAGE FOR YOUR APPLICATION AND THAT THERE
WILL BE NO OBJECTIONS FOR THE FUTURE
EXPANSION TO YOUR FARM.

WE WISH YOU ALL THE BEST!

RICK & GRE HOFSTINK

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512 B Rge. Rd 33 County Of Banhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512 B Rye Rd 33 County Of Barhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

I am/we are the legal landowner(s) of a residence(s) located at the above noted legal land location/address:

- I/we have read the NRCB Fact Sheet "Minimum Distance Separation (MDS) Waivers";
- I/we have discussed this application with the applicant and understand its potential impacts to our residence(s);
- I/we understand that the application **does not** meet the MDS requirement to my/our residence(s), under the *Agricultural Operation Practices Act* (AOPA);
- I/we understand that **this waiver is not valid unless signed by ALL parties identified on the land title as owners;**
- I/we are not obligated to waive the MDS requirement to our residence(s);
- I/we understand that if I/we choose to waive the MDS requirement, I/we can revoke the waiver, by providing written notice to the NRCB approval officer, as set out in the "Minimum Distance Separation (MDS) Waivers" Fact Sheet; and
- I/we understand that this waiver is a public document.

Having considered my/our rights, I/we hereby waive the MDS requirement to my/our residence, with respect to

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512B Rqe Rd 33 County Of Barrhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

Address(es)¹ and Postal code(s)¹: 

¹ Please note that personal contact information is for NRCB use ONLY and not publicly released

I am/we are the legal landowner(s) of a residence(s) located at the above noted legal land location/address:

- I/we have read the NRCB Fact Sheet "Minimum Distance Separation (MDS) Waivers";
- I/we have discussed this application with the applicant and understand its potential impacts to our residence(s);
- I/we understand that the application does not meet the MDS requirement to my/our residence(s), under the *Agricultural Operation Practices Act (AOPA)*;
- I/we understand that this waiver is not valid unless signed by ALL parties identified on the land title as owners;
- I/we are not obligated to waive the MDS requirement to our residence(s);
- I/we understand that if I/we choose to waive the MDS requirement, I/we can revoke the waiver, by providing written notice to the NRCB approval officer, as set out in the "Minimum Distance Separation (MDS) Waivers" Fact Sheet; and
- I/we understand that this waiver is a public document.

Having considered my/our rights, I/we hereby waive the MDS requirement to my/our residence, with respect to

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512 B Rge Rd 33 County Of Barrhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act (AOPA)* permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512 B Rge Rd 33 County Of Barrhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.

Minimum Distance Separation (MDS) Waiver (declaration)

Applicant information

NRCB application number: BA 25007

Operator/operation name: Kelberal Farms Ltd.

Address: 61512 B Pge Rd 33 County Of Barrhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

Address: 61512 B Pge Rd 33 County Of Barhead, AB Postal Code: T0G 1R2

Legal land location of confined feeding operation: SE 33 61 3 W5

I have requested the residence owner(s) named below to waive the required minimum distance separation (MDS) to their residence for the *Agricultural Operation Practices Act* (AOPA) permit application identified above. In making this request, I have provided the owner(s) with an opportunity to review my permit application and a copy of the Natural Resources Conservation Board (NRCB) Fact Sheet "Minimum Distance Separation (MDS) Waivers" available on the NRCB website at www.nrcb.ca. I have also explained:

- The MDS requirement set out in section 3 of the Standards and Administration Regulation of AOPA. I have advised the owner(s) that section 3(6)(a) of the Standards and Administration Regulation allows this requirement to be waived by the owners of residences, if they agree in writing to grant a waiver;
- That my proposed development does not meet the required MDS to the owner's residence; and,
- That this waiver applies only to this application as described. An increase in livestock capacity, annual manure production, level of odour production, change to the site plan or change to a facility that would increase the MDS would require a new waiver.

Following is a summary of the proposed development:

- The current scope of my confined feeding operation (CFO), including the type, number, and category of livestock, if any, is:

We currently have a permit to house 17,408 laying hens.

- My application for a new AOPA permit proposes the following changes to the existing livestock category, type and/or capacity at my CFO:

We are applying for a permit to increase to 30,240 laying hens

- The proposed new CFO facility(ies), or changes to the existing CFO facilities, including manure storage, manure storage volume and any other pertinent details, if any, are (attach a site layout plan if available):

With construction of our new barn, we will have a solid manure storage of a capacity to hold it for 1 year.

I the applicant understand that the waiver is not valid unless ALL registered owners of the residence sign this document.
