Dear Roelof:

**Re: Compliance Directive CD 25-07 - Extension Letter**

On September 9, 2025, Roelof Kwakernaak requested an extension in writing from the NRCB to extend the September 15, 2025, deadline set out in CD 25-07 as the permit application process is currently underway. The deadline for comments for Application RA25030 is September 15, 2025, and more time is required to meet the requirements of CD 25-07.

On August 15, 2025, Approval Officer Lynn Stone deemed Application RA25030 complete for an NRCB permit for the construction of the previously constructed calf barn, heifer barn, and dry cow barn (unauthorized construction).

As progress has been made towards obtaining a permit required by CD 25-07, I am granting an extension until **October 31, 2025**, to meet the requirements of directives 1 – 5 of Compliance Directive CD 25-07.

In the interim, Roelof Kwakernaak, shall mitigate any possible risks to the environment and potential nuisances to any affected neighbours.

Sincerely,

(Original signed)
