Part 1 – General Information & Disclosure

NRCB USE ONLY – existing permit(s), livestock number(s) and related comments

Describe what is being proposed, including changes to facilities, changes to animal numbers, or changes to types of livestock, e.g., beef, dairy, hog, poultry, etc.

We propose to build a new hog finishing barn to add onto our existing operation. With a new finishing facility, we can use the old, existing finishing barn to hold more sows and give them more room to comply with the new code of practice regulations. With the addition of the new facility, we would be able to increase our sow herd from 650 sows to 1500 sows, farrow to finish.

Livestock Numbers: (include all permitted and proposed livestock). Note: If total livestock numbers increase in your Part 2 application, a new Part 1 application must be submitted which may result in a loss of priority for minimum distance separation (MDS).

Livestock category and type (Available in the Schedule 2 of the Part 2 Matters Regulation)	Permitted livestock numbers	Proposed increase or decrease in number (if applicable)	Total
Swine Liquid (*count sows only) - Farrow to finish * Swine Liquid (*count sows only) - Farrow to finish *	650	850	1500
