### AMENDMENT INFORMATION REQUIREMENTS

#### Instructions:

For each part of your permit that you would like amended, please detail what change you would like made and why, and how your proposed change will meet the AOPA requirements. You may attach additional pages to this form to provide this information.

Please note that an approval officer may require a page (or pages) of the Part 2 application forms to be completed as part of this application for amendment, depending on what changes are proposed.

The on going water well testing <sup>condition</sup> under registration RA04009A to be deleted from the permit.

Our manure is dry, the flooring we have is concrete. Manure is removed from barn and immediately hauled away, and is either spread on the land or composted several miles from wells. Spreading is depends on time of year with weather conditions. Each barn clean out once a year.
